## What we do

We are fortunate at our school to have a PFSA that is and has been an integral part of the school community for several years. In its time the PFSA has raised thousands of pounds, which has been spent on equipment and resources to enhance our children's education experience and the school's facilities

**Your** PFSA exists to provide closer links between home and school and it is an excellent way to bring staff, parents and friends together socially in support of the school, working towards a common goal.

We are a **very** small group of working **parents** and **friends** of the school. With over 400+ students if everyone was to help at one event whether its preparation before the event or during the event we could achieve so much more. **We are not asking for full commitment to every event and meeting but we are asking for a helping hand, the children are the ones who benefit from what we achieve so why not help YOUR child.**

# PFSA Charity

Our PFSA has worked extremely hard in the last year to bring our children together in the amazing events we put together.

We decided to become charity registered to open opportunities up to our school and children.

The more parents/carers we have on our team the greater our reach into the surrounding community.

We are looking to partner up with sponsors, explore new event ideas, promote ourselves and sponsors.

The children's school council decided on a larger project for us and is an Adventure Playground, we have put some ideas into this and come up with a Free Flow playground which we hope the children will enjoy.

## Parents' Help Needed....

If you have any way of helping us achieve what our children have asked us to deliver, whether that's raising raffle prizes for our events, bag packing reaching out to your local employer to sponsor us.

**everything is greatly appreciated.**
